Holiday in January 2022, much holiday had accumulated. One week in Yufuin, an area in Kyushu/south Japan

This unique train runs only in Kyushu.

The hotel was Japanese style, and had an own bath, free to use for visitors.

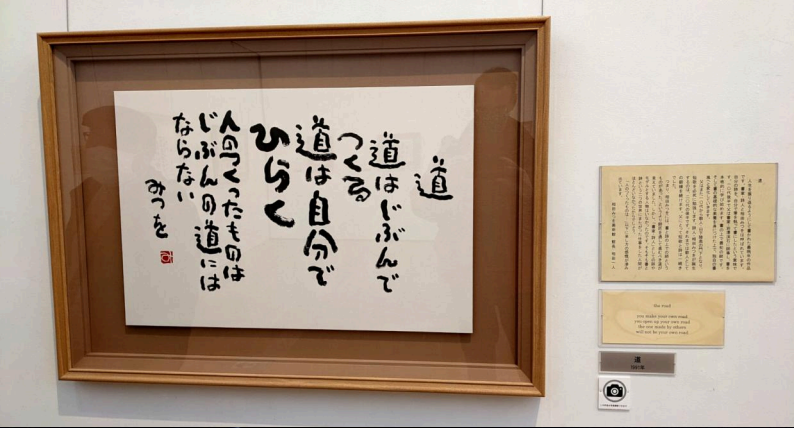

I tried to climb Mount Yufuin, but had to return because of too much ice and snow.

Hot water and steam leaving the ground everywhere, so the area got known for hot spring baths.

Then I went to city Oita.

The view over the city Oita, taken from a hot spring bath - yes, this is the same view you have while laying in the hot water! This area was in the past known for coal mining, the hot spring even had fluid soap mixed with coal - for good health (?).

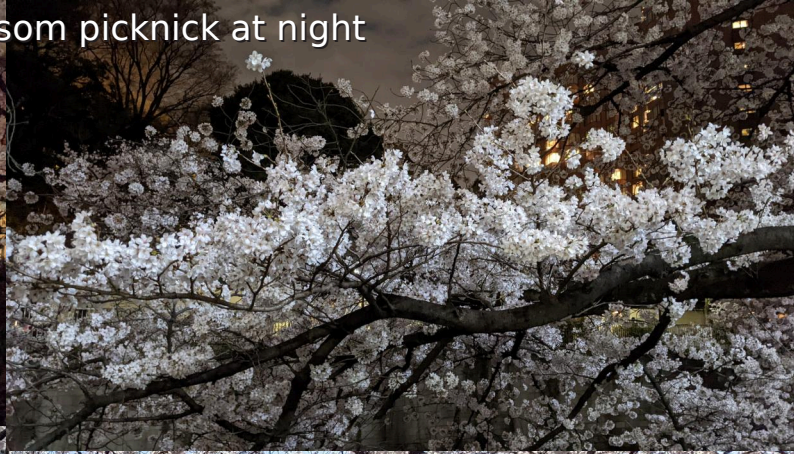

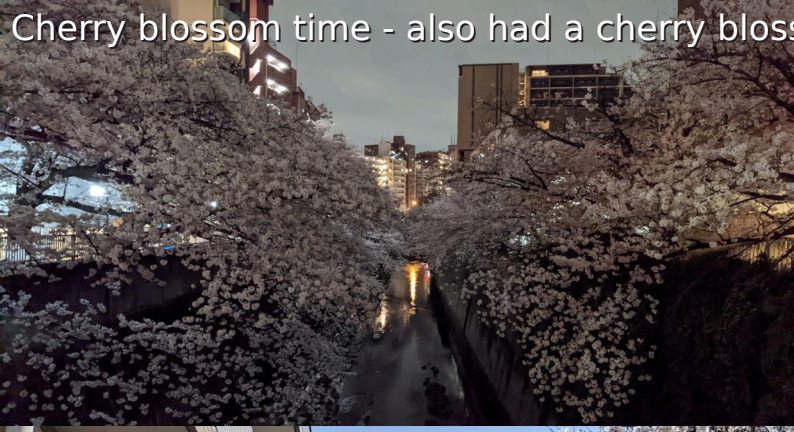

I enjoyed hiking Mount Jinba also this year...

Every time I pass by this place, it's decorated differently.
Themes always fit the season of the year,

Cherry blossom time - also had a cherry blossom picknick at night

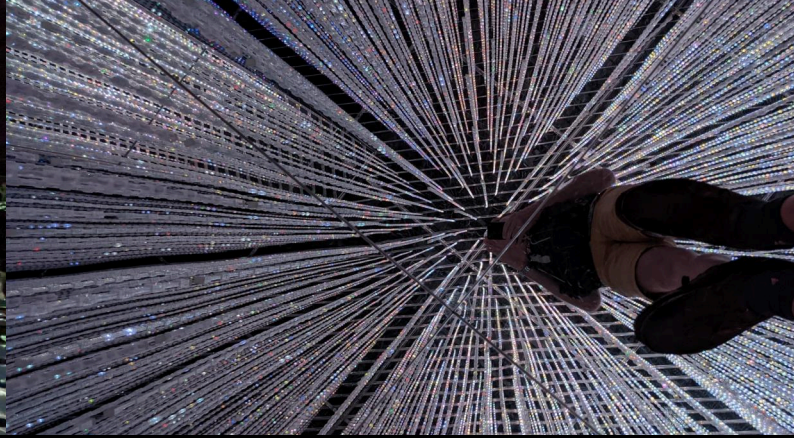

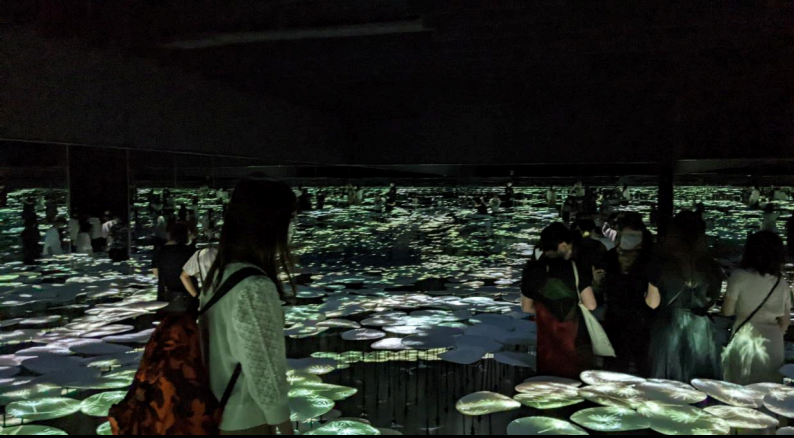

Like last year, rice planting at a friends fields

Visit at a tea farm in the Tanzawa area

Teamlab borderless experience

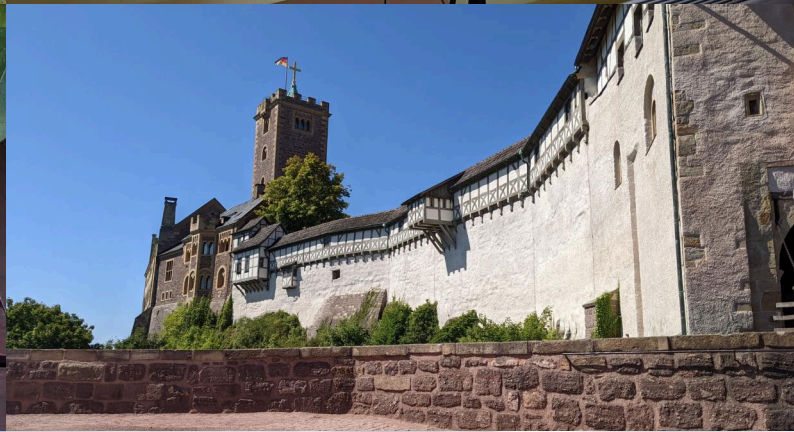

July: going to Germany, first time after 2.5 years. Shocking, so many people without masks :)

Back in my house, meeting friends, parents, doing garden work, cycling
